DOING THE OUTDOOR THING!

Experience Grant County and Southwest Wisconsin for memories that will last a lifetime. Rolling hills, deep valleys, great rivers and pristine streams present a wealth of opportunities for the sportsman and photographer alike. Whether you're looking to bag that huge tom, hook that elusive trout, take that perfect selfie or just cruise our never-ending rivers or roads, Grant County is an amazing experience.

Trophy fish or just supper, cast a line into one of our miles of streams or rivers for a chance at that big one! grantcounty.org/tourism/outdoor-activities/fishing

Hunting more your style? Boscobel holds the title of 'Turkey Hunting Capital of Wisconsin' for a reason. The big birds are plentiful but so are the challenges. And what is a Wisconsin fall and winter without deer hunting? Over 6,500 deer tags were filled in 2019 in Grant County alone! Nine public hunting areas provide perfect locations and opportunities for a successful hunt.

Biking and hiking trails can be found in Platteville, Boscobel, and Lancaster. If you're a true road warrior we invite you to bicycle one or all of the 28 loops described at Cycle Southwest Wisconsin. www.cyclesouthwestwisconsin.com

If your 'cycle' has a motor those same hills and valleys invite you out for a leisurely cruise. Breathtaking vistas and stunning beauty wait around the next curve. Whatever you do, don't miss the Great River Road where miles of highway embrace the Mississippi and Wisconsin Rivers. grantcounty.org/tourism/outdoor-activities/motorcycle-routes

This beautiful, ever-changing, scenery can also be enjoyed from the deck of the "Pride of Cassville". Operating from May through October, the Cassville Car Ferry provides a one-of-a-kind Mississippi River experience. Got an ATV/UTV? Grant County welcomes this growing activity with miles of designated roadways and new routes added every year. Riders can traverse the county from north to south or east to west, connect to the Cheese trail and more. Route maps can be obtained in many locations or requested from contact@grantcounty.org. Online version at grantcounty.org/tourism/outdoor-activities/atv-trails

BIRDING

270 species of birds. Eagles and egrets are occasionally seen in flight throughout the County. Wyalusing State Park is a bird watching favorite with camping and scenic overlooks. Migratory flocks follow the great Mississippi and there's no better place to experience the thrill and solitude of nature than from the observation deck on Potosi Point.

BEER, WINE & CHEESE

After experien-cing Potosi Point it's only right that your next stop should be the Potosi Brewery. The original Potosi Brewing company started in 1852 and produced beer for 120 years. Remodeled and reopened in 2008, it is listed on the U.S. Register of Historic Places and operates as a full-fledged

When you think of Wisconsin you think of cheese. In Fennimore at Carr Valley Cheese, have your picture taken next to Igor - the giant mouse, and purchase some of the best cheese you've ever tasted. Traveling to Cuba City, it's Gile Cheese for a real Wisconsin treat. Meister Cheese in Muscoda has a variety of cheeses available from aged cheddar to one called Muscoda Mayhem that packs a hot pepper wallop. Several goat cheeses are also made in Grant County. Try creamy goat cheese layered with sweet blueberries and fresh pomegranate. Lancaster's Woolwich Dairy has several superb taste experiences.

MOREL MUSHROOMS

For a truly special taste experience, visit Muscoda in May on the weekend following Mother's Day for their famous Morel Mushroom Festival! WATER SPORTS

The Wisconsin River flows along our scenic northern coast before joining the Mississippi at Wyalusing. Together they then flow south toward Dubuque to create our western coast. The fishing is fantastic and it wouldn't be summer without canoeing, kayaking or tubing. The Wisconsin, Grant, Little Platte and Big Platte offer bends and gentle rapids for a fun family experience. The Lower Wisconsin State Riverway provides 92 uninterrupted miles of natural beauty with small islands and sandbars for camping. The Mississippi is alive with barge traffic that runs from the Gulf of Mexico to Minnesota.

HISTORY & CULTURE

Grant County is truly the Point of Beginnings for Wisconsin. Lancaster's Grant County History Museum features local collections from the earliest days of the County. One exhibit details Pleasant Ridge, established in the 1860's as one of the first "Free" black settlements in Wisconsin. The first Civil War monument erected in the country is located on the lawn of the Grant County Courthouse. Wisconsin's first Governor, Nelson Dewey, made this area his home. Visit his former residence which is right across the road from Stonefield Historical Site near Cassville.

The Stonefield Historical Site is an open-air museum that recreates a turn-of-the-century farming community. Visitors can view a reenactment of the skills employed in an earlier time. Stonefield hosts the Great River Road Festival in September and other festivals throughout the year. The G.A.R. Hall in Boscobel is the only remaining Civil War Veteran's Hall in Wisconsin and is now a Civil War museum. When visiting Platteville, be sure to visit the Mining & Rollo Jamison Museum and tour the 1845 Bevan's Mine. Platteville brings history to life, hosting an

annual historic re-enactment.

The Grotto in Dickeyville has attracted thousands of visitors since it was built in the mid 1920's. Shrines within the Grotto Garden are comprised of stone, mortar and a collection of colored glass, gems, pottery, pieces of stalagmite, seashells, and even fool's gold. Dedicated to the love of God and Country, it is a one-of-a-kind marvel! grantcounty.org/tourism/historical-info-sites

ANTIQUES, FARMER'S MARKETS & FESTIVALS

Visit Cuba City where there are five antique stores to tempt the connoisseur of things that are old or just interesting. grantcounty.org/tourism/shopping

Many communities host Farmer's Markets from early May until October. Local produce growers, including a large population of Amish, sell their summer crops to anyone that relishes fresh, homegrown vegetables, fruits and flowers. Amish auctions, like the one held on County Road T outside of Fennimore, provide a country flavor with hand stitched quilts, crafted furniture and plentiful produce.

Grant County communities offer a variety of festivals throughout the year. The largest, the Grant County Fair, takes place during the third week in August. The Demolition Derby is always popular.

To request a Grant County Activity Guide/Travel Planner email contact@grantcounty.org or visit grantcounty.org.

The County Fairgrounds also hosts a number of community activities, such as the high school rodeo, musical performances, arts and craft festivals, and numerous agricultural events.

For the latest go to grantcountyfairwi.org.

An example of prairie-style architecture popular in the early 1900s, the Lancaster City Hall is on the National Register of Historic Places. Lancaster has many beautiful older homes with architectural styles ranging from Frank Lloyd Wright to Queen Anne.
