

# Welcome to Juneau County

From the rigors of your labor to the rivers and the lakes, from work to the woods, or your business to your backpack, it's only minutes away in Juneau County. We invite you to explore Juneau County. We know you'll find a reason to stay for a day, a week, or a lifetime. Juneau County offers nourishment for the soul, so let the adventures begin!

## ■ EASY ACCESS

Geographical diversity is a hallmark of Juneau County with each community's unique and beautiful landscape. Interstate 90/94 provides immediate access to Lyndon Station, Mauston, New Lisbon, and Camp Douglas. State Highways 21, 80, and 82 reach into the communities of Necedah, Elroy, Wonewoc, Union Center, Finley, and Sprague. The Village of Hustler is only a short distance from Camp Douglas via County Highway H, while Highway 173 takes you to Mather.

## ■ CAMPGROUNDS AND PARKS

Half of Juneau County is forested, and about 75,000 acres are park land. Mill Bluff State Park has picturesque rock formations that overlook a camping/picnic area, hiking trails, and a swimming pond with sand beach. Climb the trail and stone

steps to the bluff's top and you're at the Ice Age National Scientific Reserve. The southeastern access to Juneau County begins at Rocky Arbor State Park, straddling the border with Sauk County. Gorgeous Buckhorn State Park, located between Mauston and Necedah off Highway 58, is on the western shore of Castle Rock Lake. The 160-acre Juneau County Castle Rock Park is situated in a beautiful wooded area along the lake's southwestern shore and offers nearly 200 camping sites. In northeastern Juneau County, you'll find Wilderness County Park situated along the west shore of Petenwell Flowage, offering nearly 100 camping sites. Kennedy County Park is north of New Lisbon and has several rustic camping sites. Bass Hollow in south-central Juneau County is 280 acres, ideal for picnicking or hiking on the five miles of walking trails. There are also several private campgrounds throughout the county.

## ■ THE LAKES OF JUNEAU COUNTY

If its sun and water fun you seek, Juneau County's lakes region is the place to be. Petenwell and Castle Rock Lakes are the second and fourth largest inland bodies of water in Wisconsin. The lakes offer numerous beaches with several public boat-launching areas. Built on sand, the

## Don't Miss...

### In May

- Camp Douglas Armed Forces Days
- Wonewoc Old Fashion Days

### In June

- Elroy Fair

### In July

- Lyndon Station's ParkFest

### In August

- Waterfest Venetian Lights Boat Parade
- Hustler's Hustlerfest
- Juneau County Fair

### In September

- The Juneau County Fly-In/Drive-In

Plus many more events throughout the year. Check [juneaucounty.com](http://juneaucounty.com) often to see what's going on!

Castle Rock and Petenwell Dams are unique, and were the first such projects undertaken in the U.S. The concrete dams are classified as “floating type construction” with imbedded cutoff walls that penetrate deep into the glacial sands for anchoring. The construction of the lakes was started in 1947 and completed in 1950. Both lakes have plenty of room for water skiing, jet skiing, and boating. They also offer exceptional fishing with many species of fish. Other lakes in Juneau County include Lake Decorah in Mauston, Eagle’s Nest Flowage and the Meadow Valley Flowage near Camp Douglas, New Lisbon Lake, Sprague-Mather Flowage near Necedah, and several others. You’re sure to find the fishing and water festivities of your choice in these lakes!

■ WILDLIFE

Follow nature’s calendar and you’re likely to see many examples of Wisconsin’s wildlife species in their natural habitat. Karner blue butterflies, wild turkeys, bald eagles, red-tail hawks, partridge, pheasants, white-tail deer, gray wolves, coyotes, fox, whooping cranes, sandhill cranes, wood ducks, loons, and swans are just some of the variety that can be seen in Juneau County.

The Necedah National Wildlife Refuge, established in 1939, is 44,000 acres of preserved natural beauty. It is located about four miles west of Necedah and is easily accessed from State Highway 21. The refuge provides programs for organized groups by reservation and general programs, which are open and free to the public, on the second and fourth Saturdays of each month.

The refuge is open year round from sunrise to sunset for wildlife observation, photography, hiking, fishing, hunting, and much more! The Visitor Center is open 9am-4pm Monday through Saturday and closed on Federal holidays, Christmas Eve, and New Year’s Eve. Please see the website for seasonal information and events: [fws.gov/refuge/Necedah](http://fws.gov/refuge/Necedah). Events and hours are subject to change so please call ahead. Contact the refuge at 608.565.2551 or [Necedah@fws.gov](mailto:Necedah@fws.gov) for more information. All events are supported by the Friends of Necedah National Wildlife Refuge Inc.

■ BICYCLING AT ITS BEST

Juneau County offers three exceptional bicycling trail experiences. Elroy, once a prominent railroad center, is now the hub of these well-groomed bike trails.

The Elroy-Sparta State Trail, most renowned as the “Grand Dad of All Trails,” was the first in the U.S. to be converted under the now popular Rails-To-Trails conversion program. Formerly the Chicago and North Western Railroad bed, this 32- mile-long trail passes through three tunnels which were hand dug in the 1870s.

The 12.5-mile Omaha Trail runs between downtown Camp Douglas and Elroy, passes through the Village of Hustler, and features an 875-foot-long tunnel.

The 400 State Trail is the namesake for the Chicago and North Western Passenger Train, which traveled the 400 miles from Chicago to Minneapolis in 400 minutes. The Baraboo River intertwines the entire 22 miles of the smooth packed trail, which connects Reedsburg and Elroy.

Along the route of wetlands, sandstone bluffs, meadows, and rolling farmlands, you can take a break in the friendly communities of Wonewoc and Union Center. There are also 33 trestles along with wooden bridges that have been planked over and fitted with guardrails for added user protection. During the season, only bicyclists and hikers are allowed on the trail. All motorized traffic is prohibited. As Juneau County is still home to three major modern rail lines, the nostalgic sound of rolling cars and the occasional train whistle can still be heard while biking on these Rails-To-Trails pathways.

Trail passes are required. Bicycle rentals are available. Flashlights and jackets are recommended when walking bikes through the tunnels. For more information about the bike trails, contact the Elroy Commons Information Center at 608.462.BIKE (2453) or 888.606.BIKE (2453), or Omaha Bicycle Trail Headquarters at 608.427.6542.

■ MILITARY PRESENCE IN JUNEAU COUNTY

Camp Douglas is home to the Volk Field and Camp Williams military facilities. Nestled among the rugged peaks of natural rock formations and the beautiful terrain of the area, Volk Field is a full service

military readiness training complex. Camp Williams is co-located with Volk Field and is operated by the Army National Guard. An open house is held every two years for the public and affords the opportunity to increase awareness of the Volk Field/Camp Williams military facilities. Questions can be directed to 608.427.1210.

Camp Williams is the headquarters of the United States Property and Fiscal Office for the State of Wisconsin, as well as the Army National Guard’s Consolidated State Maintenance Facility. Camp Williams

boasts facilities that range from the early 19th century to the late 20th.

Be sure to visit the Wisconsin National Guard Museum, located at historic Camp Williams/Volk Field; it is dedicated to preserving the memory of service and sacrifice by our military men and women, and also features the rich history of the National Guard. Its log building was constructed in 1896 originally as an officer's club for National Guard members. Nestled in a park-like setting, the museum—with its numerous exhibits—is complemented by an outdoor collection of unique and unusual historic aircraft, tanks, and self-propelled guns.

Finley is the home to the Hardwood Air-to-Ground Weapons Range (R-6904), which is one of fifteen Air National Guard (ANG) ranges located throughout the U.S. and Puerto Rico. The entire facility is under the operational control of the Air National Guard as part of the Combat Readiness Training Center, Volk Field ANG Base. The mission of Hardwood Range is to provide training for combat aircrews through presentation of a variety of realistic

target arrays for air-to-ground weapons delivery. An open house is held every two years for the public and affords the opportunity to increase awareness of the range and its activities. Range personnel can be contacted at 608.427.1555 for more information.

■ WINTER ADVENTURES

Winter offers Juneau County visitors a bounty of opportunities for outdoor recreation. Ice fishing, snowshoeing, cross-country skiing, and snowmobiling are popular activities along with sleigh rides and horseback riding. Red Ridge Ranch and Woodside Ranch are both located just outside of Mauston and are open year-round.

The Oak Ridge Trail and Buckhorn State Park Trails, both located just outside of New Lisbon, offer excellent cross-country skiing routes through miles of well-marked and groomed trails. Additional snowmobile trails are maintained throughout Juneau County by the many local snowmobile clubs. Juneau County also has marked ATV trails.

■ CANOEING AND KAYAKING

**BARABOO RIVER:** Put in at the Highway 33 bridge next to the Golf Course at Union Center. Head downstream to Wonewoc, for a nice three-hour passage. Try a picnic lunch (about half way) at Third Castle, which is a rock pinnacle where a picnic table awaits. For rentals contact Beyond Boundaries at 608.464.7433 or [goingfarbeyond.com](http://goingfarbeyond.com).

**LEMONWEIR RIVER:** Paddle the popular route from Kennedy Park to New Lisbon's Riverside Park & Campground. Continue on to Mauston, doing some fishing along the way. The next leg to Lemonweir Mills is a full day's journey to the Wisconsin River, with possible log jams requiring portaging. There is a nice boat landing just before the junction with the Wisconsin River. For information contact the Mauston Chamber of Commerce at 608.847.4142 or [visitmauston.com](http://visitmauston.com), or the New Lisbon Chamber of Commerce at 608.562.3555 or [newlisbonchamber.com](http://newlisbonchamber.com).

**WISCONSIN RIVER:** From Wood County across Lake Petenwell to the dam is big water paddling where winds can cause high waves. The Wilderness Park has great camping. Put your canoe/kayak in at the Highway 21 boat ramp to go down river to the Buckhorn State Park ([dnr.state.wi.us](http://dnr.state.wi.us)) or the Castle Rock County Park. From the Adams County side, use the boat landing below Castle Rock Dam. Paddle or tube float to Castle Rock Resort, Point Bluff Marina, or the Two Rivers Boat landing on the Lemonweir River. Further downstream you will access the River Bay Marina on the Juneau County shore. For rentals contact: Point Bluff Resort at 608.253.6181 or [pointbluff.com](http://pointbluff.com).

**Village of Necedah**

"Home of the Necedah National Wildlife Refuge"

Where Recreation, Relaxation Meet Nature's Beauty

[www.necedah.us](http://www.necedah.us)  
Ph 608-565-2260

**YELLOW RIVER:** Paddling from the Necedah Dam to Crappie Point on Castle Rock Lake is a steady five to six hour jaunt, with some portaging likely due to log jams. For information, contact the Village of Necedah at 608.565.2261 weekdays or [necedah.info@tds.net](mailto:necedah.info@tds.net), or the Reel Inn at 608.565.2262 after 11am and weekends, or on Facebook.

The forested setting of our rivers has a remote feel. Take in the diverse collection of wildlife and birds. Be sure to remember your camera for the breathtaking scenery and panoramic views. The waterways of Juneau County have many islands to stop and explore, or even to cookout for lunch.

■ **COME JOIN US!**

Each of our communities offers various activities, festivals, and celebrations throughout the year. The Juneau County Fair is in August and features a rodeo, draft horse pull, and demolition derby, as well as showcasing the many, many crafts and products of local artisans and 4-H youth.

The Juneau County Economic Development Corporation has made tourism a priority and works closely with the area Chambers of Commerce to ensure the most enjoyable experience for every guest to our county. They have been instrumental in mapping out bike, ATV, and snowmobile trails, as well as boating and paddling routes through our plentiful waterways. Check out [juneaucounty.com](http://juneaucounty.com) or call 608.427.2070 for a wide variety of up to date tourism information.

■ **CAMP DOUGLAS**

Camp Douglas has some of the most breathtaking, freestanding rock formations and bluffs surrounding the Village. Camp Douglas is the trailhead for the Omaha Bike Trail and also home to Camp Williams and Volk Field military facilities. Camp Douglas Armed Forces Day Celebration takes place in May. The village hosts citywide garage sales the third week of August. Call 608.427.3355 for more information.

■ **ELROY**

The noise and the rush of passenger trains carrying countless pioneers and dreamers west are no more than an echo. The city of Elroy, once a prominent railroad center, is now the hub of three bike trails. Nestled in southwestern Wisconsin, visitors to this area will find a thriving, friendly community that extends a warm welcome to all those who come to visit. The Elroy-Sparta Trail is 32 miles of smooth, hard-packed, crushed limestone that wind through wooded valleys and small towns. This trail boasts three century-old tunnels that were dug out with pick axes in the 1870s. Two of these tunnels are a quarter mile long, and the other tunnel is just under a mile long. The 400 State Trail runs 22 miles from Elroy to Reedsburg and has a limestone surface. This trail was named for the Chicago and North Western passenger train, which traveled the 400 miles from Chicago to Minneapolis in 400 minutes. The 400 trail parallels the Baraboo River, crossing it 11 times. The Omaha Trail is a peaceful,

secluded ride from Elroy to Camp Douglas. This asphalt trail brings you through 12.5 miles of beautiful farmland and one 875-foot tunnel.

The hub of these three trails is the Elroy Commons, which is a lovely downtown park providing a trail shop where trail passes can be purchased along with souvenirs, snacks, and many other items. The Elroy Commons is also a trail information center which offers restrooms with shower facilities, parking, bike rentals, and a picnic area. If you are planning to stay the night or the whole week, Elroy has camping available at Schultz Park, which is located a half mile south of the Elroy Commons, and just off of the 400 State Trail. This campground offers tent camping, RV camping with water and electric hookups, a swimming pool, playground, and a dump station. Arrangements for camping at Schultz Park can be made at the Elroy Commons.

■ **FINLEY, SPRAGUE, & MATHER**

Finley, Sprague, and Mather of northern Juneau County may appear small on a map, but they are big on adventure! While Finley and Sprague border the Necedah National Wildlife Refuge, Mather sits between the refuge and the Meadow Valley State Wildlife Area. In addition to the excellent hunting and fishing offered, the immense size and diversity of both of these properties provide some fine opportunities for canoeing, kayaking, hiking, berry picking, and observing wildlife

in a truly natural setting. Finley is also home to the Hardwood Air-to-Ground Weapons Range, which provides training for combat aircrews through presentation of a variety of realistic target arrays for air-to-ground weapons delivery. An open house is held every two years for the public and affords the opportunity to increase awareness of the range and its activities, and visitors are welcome to observe activities during operating hours. Events are held each year in Finley, Sprague, and Mather. At Josie's Hideaway and Wilderness Inn just north of Necedah along Highway 80, activities include pool tournaments, ATV poker runs, and an annual "Can't afford to go to Sturgis" party, which is held the first weekend in August.

■ **HUSTLER**

Hustler is a small farming community that settled in the 1880s. The last weekend of August, however, Hustler doesn't settle down until their annual Hustlerfest is done. Hustlerfest celebrations overflow with food, fun, crafts, games, music, tractor pulls, and a parade.

■ **LYNDON STATION**

Lyndon Station is a quaint little village with a historic connection to Ireland and an interstate connection to I-90/94. The interstate provides Lyndon Station with easy access to nearby Rocky Arbor State Park as well as ample camping throughout Lyndon Station.

Towards the eastern part of Juneau County, just past Lyndon Station, you'll find the 15-inch gauge railway of the Riverside & Great Northern Railway steam locomotives that the entire family will enjoy. The small steam engines take you through picturesque woods before or after you tour the Locomotive Shop, the Boiler Shop, the Roundhouse, and the Coaling Tower. Even though the right-of-way is wide enough for a full-size train, only the small locomotives are on these tracks. Take your time and visit the Gift Shop or the historical Lunch Room.

■ **MAUSTON**

Mauston has plenty of choices for eating experiences. There are several locations of fast food, buffets, or family-style dining whether enjoying your meal downtown or all around Castle Rock Lake. While

downtown, take a walk along "the river of memories," otherwise known as the Lemonweir River. The Hatch Public Library has a spacious view of the river. A lot of local history can be found at The Boorman House, just across the river.

Other adventures located around Mauston include unique shopping at The Red Geranium, golfing, boating, fishing, swimming, camping, horseback riding, and more, such as:

- Waterfest Parade of boats at Castle Rock Park the first weekend in August
- Juneau County Fair in August
- Fly-In at the airport Saturday of Labor Day Weekend

■ **NECEDAH**

Necedah is a Ho-Chunk Indian word meaning "land of yellow water." The Yellow River, Wisconsin River, Castle Rock Lake, and Petenwell Lake are located near Necedah. Step into the beauty of central Wisconsin and immerse yourself in a mosaic of habitats on 44,000 acres of Necedah National Wildlife Refuge. Savanna, prairie, wetland, and forest all intertwine across the refuge's new Visitor Center and boardwalks.

Take in the sights and sounds of the refuge in the exhibit hall or visit with friendly staff to find the right hiking trail or driving experience for you. The refuge hosts over 230 bird species, including red-headed woodpeckers, whooping cranes, wood ducks, and eagles. Visitors also have a chance to see bears, deer, porcupines, otter, turtles, wolves, and many more wildlife species. Although the "Great Swamp" may be known for its biting insects, don't dismiss our dragonflies and butterflies! One of the most sought after insects by photographers includes the endangered Karner blue butterfly.

Necedah National Wildlife Refuge stretches north and south along Highway 80 and east and west along Highway 21. The Visitor Center is located off of Highway 21 four miles west of Necedah or 18 miles east of Tomah. Turn north onto Headquarters Road and follow the signs two miles to the Visitor Center.

■ **NEW LISBON**

The New Lisbon area once was a gathering place for the Woodland Culture Indians during the winter months. Today people gather in New Lisbon at Riverside Park to celebrate Wa Du Shuda Days, held the first weekend after July 4th with music, food, fireworks, and family fun. The park has a large campground, shelters, and a boat landing for access to the Lemonweir River. It also has newly renovated RV parking, tent camp sites, restrooms, and showers.

The Burr Oak Winery hosts a Spring Festival the end of April and a Harvest Festival the first weekend after Labor Day. Both events showcase artists, crafters, entertainers, and of course, wine. For tours, call 608.562.5271 or visit [burroakwinery.com](http://burroakwinery.com).

A lot of Native American history is preserved in New Lisbon, including the Effigy Burial Mounds and a large arrowhead collection at the New Lisbon Public Library. The New Lisbon area attracts visitors year-round for activities, including fishing, canoeing, hunting, biking, snowmobiling, and hiking the beautiful bluffs left as reminders of the glaciers that once covered the region.

■ **UNION CENTER**

The Village of Union Center is located at the junction of State Highways 33, 80 and 82. Surrounded by towering bluffs along the Baraboo River, Union Center offers a friendly community full of hospitality, recreation, and amenities. The Eagle Parkway is situated near the center of the village, right along the 400 State Trail. The trail offers visitors hiking, bicycling, and snowmobiling.

The Eagle Parkway offers an open shelter for picnics, a playground, volleyball and basketball courts, and horseshoe pits. To reserve the shelter for your special occasion, please call the Village Hall at 608.462.8810. Near the park, St. Theresa's Adoration Chapel is available for 24-hour adoration. This tranquil and exquisite chapel, open year-round, was formerly the St. Theresa's Catholic Church, which was built in 1863. Along the bluffs and around the Baraboo River is Spring Valley Golf Course, which, in addition to exceptional golf, offers a bar and restaurant to start off or finish up your day of activity. Come see what Union Center has to offer. Visit us for a great day or entire weekend away!

■ **WONEWOC**

Wonewoc, located in southwestern Juneau County, is the midpoint of the 400 State Trail. If you want recreation and beautiful scenery—we have it! Biking, hiking, snowmobiling, camping, and canoeing on the Baraboo River. Camping facilities are available at Baker's Field or at the American Legion Park, which has a swimming pool.

Situated on the hill overlooking the Village of Wonewoc is the Wisconsin Spiritualist Camp established in 1874. The camp is visited by thousands of people each year.

The 400 State Trail is a 22-mile recreational trail that runs between Reedsburg and Elroy and links with 101 miles of recreational trails. Wonewoc offers a variety of retailers, gift shops and many fine eating establishments. Visit Wonewoc often—you'll definitely enjoy it.

Thank you for taking a closer look at Juneau County, where you'll make many memories by enjoying its adventures.

# BIRDING IN JUNEAU COUNTY

Anytime of year is a good time of year for bird watching in Juneau County.

The Necedah National Wildlife Refuge alone covers more than 43,000 acres and sees over 245 bird species, 130 of which breed here also. ([www.fws.gov/refuge/necedah](http://www.fws.gov/refuge/necedah))

Juneau County is also home to several state parks and county parks, public lands, lakes and rivers... all of which create ideal habitats for our incredibly diverse avian population. The Buckhorn State Park covers 7,000 acres on Castle Rock Lake, and is brimming with wildlife.

([www.dnr.wi.gov/topic/parks/name/buckhorn](http://www.dnr.wi.gov/topic/parks/name/buckhorn))

The Mill Bluff State Park on its 1,300 acres features several nationally pro-ected sandstone bluffs from 80 to 200 feet high. ([www.dnr.wi.gov/topic/parks/name/millbluff](http://www.dnr.wi.gov/topic/parks/name/millbluff))
